SUBJECT INDEX, VOLUME 136

- Acremonium coenophialum*, effect on resistance of
tall fescue to army antworm 328
- Agelaius phoeniceus*, spring migration patterns 134
- Alabama, fine-root dynamics in wetland forests 57
- Amphibians, advertisement calls of frogs 418
- interaction of snails and toad tadpoles 315
- life history and populations of *Plethodon*
kentucki 385
- Arkansas, hardwood snag fragmentation 72
- Behavior, advertisement calls of frogs 418
- lunar conditions influence coyote howling 413
- Birds, feeding ecology of Merriam's turkeys 157
- great horned owl diet on shortgrass prairie 149
- nest densities and numbers of burrowing owl 143
- reproductive success at airports 358
- spring migration of red-winged blackbirds 134
- Bolivia, advertisement calls of frogs 418
- Bombus* spp., foraging efficiency 401
- Bubo virginianus*, diet on shortgrass prairie 149
- Bufo americanus*, interaction of tadpoles with
snails 315
- California, recruitment and establishment of salt
marsh plants following flooding 332
- Canis latrans*, lunar conditions influence
howling 413
- Caulophyllum thalictroides*, reproductive biology 267
- Cervus elaphus*, harem sizes and sex ratios 199
- Colorado, *Bombus* foraging efficiency 401
- Curculio* spp., overwintering survival 203
- Dipressaria pastinacella*, floral herbivory on wild
parsnip 407
- Ecology, animal, *Bombus* spp. foraging
efficiency 401
- birds at airports 358
- burrow-site selection by eastern chipmunk 352
- composition of bodies and eggs of cave crickets
and a predator 101
- density and size of *Mesodon normalis* 287
- density, food and growth and mortality of
Mesodon normalis 300
- effect of fungus on fall armyworm 328
- effect of global warming on insects 84
- effect of thermal effluent on
macroinvertebrates 110
- factors influencing distribution of *Quadrula*
fragosa 278
- feeding ecology of Merriam's turkeys 157
- great horned owl diet on shortgrass prairie 149
- harem sizes and sex ratios in elk 199
- interaction of snails and toad tadpoles 315
- life history and populations of *Plethodon*
kentucki 385
- lunar conditions influence coyote howling 413
- migration of red-winged blackbirds 134
- mortality of goldenrod ball-gallmaker 94
- nest densities and numbers of burrowing owl 143
- nest temperature and nest site selection of
turtles 181
- nontroglobitic fishes in caves 187
- survival of *Curculio* larvae 203
- temperature sensing transmitters on free-
ranging animals 172
- trap height and capture of flying squirrels 346
- vegetation removal by western harvester ants 336
- Ecology, plant, apical dominance and nutrient
level in *Epilobium ciliatum* 14
- effect of fungus on resistance of tall fescue 328
- effect of vegetation on soil moisture and
available N 222
- fine-root dynamics of wetland forests 57
- fire effect on ground layer flora 207
- floral herbivory on wild parsnip 407
- hardwood snag fragmentation 72
- microclimates of aspen grove and prairie 248
- multi-genet clusters in wind-dispersed pines 262
- nutrient concentrations in riparian species 27
- pitch pine communities 42
- recruitment and establishment of salt marsh
plants following flooding 232
- reproduction of *Caulophyllum thalictroides* 267
- test of the genotype hypothesis in *Erigeron* 1
- Epilobium ciliatum*, apical dominance, cost and
benefit 14
- Erigeron annuus*, *E. philadelphicus*, test of the
genotype hypothesis 1
- Eurosta solidaginis*, mortality 94
- intraspecific competition 121
- Festuca arundinacea*, resistance to insect
herbivore 328
- Fish, nontroglobitic fishes in caves 187
- Fungi, effect of endophyte fungus on resistance
of tall fescue to insect 328
- Genetics, test of the genotype hypothesis in
Erigeron 1
- Glaucomys volans*, trap height and capture
success 346
- Global warming, temperate zone insects 84
- Hadenocercus subterraneus*, composition of bodies
and eggs 101
- Illinois, birds at airports 358
- fire effect on ground layer flora 207
- floral herbivory by parsnip webworm 407
- Indiana, test of the genotype hypothesis in
Erigeron 1
- Insects, *Bombus* spp. foraging efficiency 401
- composition of bodies and eggs of cave crickets
and a predator 101
- effect of fungus on fall armyworm 328
- floral herbivory by parsnip webworm 407

global warming and persistence of <i>Tenodera sinensis</i>	84	intraspecific competition in goldenrod ball-gallmaker	121
intraspecific competition of goldenrod ball-gallmaker	121	<i>Physella integra</i> , interaction with toad tadpoles	315
mortality of goldenrod ball-gallmaker on goldenrod	94	Physiology, plant, nutrient concentration in foliage	29
survival of curculio larvae	203	nutrient level effects on apical dominance	14
vegetation removal by western harvester ants	336	<i>Pinus</i> spp., multi-genet clusters in wind-dispersed pines	262
Invertebrates (other than insects), density and adult size of <i>Mesodon normalis</i>	287	<i>Pinus rigida</i> , communities in New York	42
density, food and growth and mortality of <i>Mesodon normalis</i>	300	<i>Plethodon kentucki</i> , life history and population characteristics	385
distribution and abundance of <i>Quadrula fragosa</i>	278	<i>Pogonomyrmex oxyhecti</i> , vegetation removal by	336
interaction of snails and toad tadpoles	315	<i>Pseudemys floridana</i> , nest temperature and nest site selection	181
thermal effects on macroinvertebrates	110	<i>Quadrula fragosa</i> , distribution and abundance	278
Kentucky, composition of bodies and eggs of cave crickets and a predator	101	Reptiles, nest temperature and nest site selection of turtles	181
interaction of snails and toad tadpoles	315	Saskatchewan, effects of vegetation on soil moisture and available N	222
life history and populations of <i>Plethodon kentucki</i>	385	microclimates in aspen grove and prairie	248
<i>Kinosternon subrubrum</i> , nest temperature and site selection	181	<i>Solidago altissima</i> , response to goldenrod ball-gallmaker	121
Mammals, burrow-site selection by eastern chipmunk	352	<i>Solidago canadensis</i> , sources of mortality of <i>Eurosta solidaginis</i>	94
harem sizes and sex ratios in elk	199	South Carolina, nest temperature and site selection of turtles	181
lunar conditions influence coyote howling	413	nutrient concentration in foliage	29
mandibular and dental morphology	366	trap height and capture of flying squirrels	346
trap height and capture of flying squirrels	346	South Dakota, feeding ecology of Merriam's turkeys	157
<i>Meleagris gallopavo merriami</i> , feeding ecology	157	spring migration of red-winged blackbirds	134
<i>Mesodon normalis</i> , density and adult size	287	<i>Speotyto cunicularia</i> , nest densities and numbers	143
density and food on growth and mortality	300	<i>Spodoptera frugiperda</i> , effect of fungus on resistance of tall fescue to	328
Michigan, harem sizes and sex ratios in elk	199	Statistics, fitted polynomial functions for modeling mammalian mandibular and dental morphology	367
reproduction of <i>Caulophyllum thalictroides</i>	267	Systematics, fitted polynomial functions for modeling mammalian mandibular and dental morphology	367
Minnesota, distribution of <i>Quadrula fragosa</i>	278	<i>Tamias striatus</i> , burrow-site selection	352
spring migration of red-winged blackbirds	134	Telemetry, timing of pulse frequency in free-ranging animals	172
<i>Neaphaenops telkampfi</i> , egg predator on cave crickets	101	Tennessee, overwintering survival of <i>Curculio</i> larvae	203
Nebraska, burrowing owl nest densities and numbers	143	<i>Tenodera sinensis</i> , global warming and regional persistence	84
New York, mortality of <i>Eurosta solidaginis</i> on goldenrod	94	Texas, effects of a thermal effluent on macroinvertebrates	110
pitch pine communities	42	West Virginia, nontroglobitic fishes in caves	187
North Carolina, density and adult size of <i>Mesodon normalis</i>	287	Wisconsin, distribution of <i>Frugula fragosa</i>	278
density, food, growth and mortality of <i>Mesodon normalis</i>	300		
<i>Nucifraga columbiana</i> , dispersal of pine seeds	262		
Oregon, vegetation removal by ants	336		
<i>Pastinaca sativa</i> , floral herbivory by parsnip webworm	407		
Pennsylvania, burrow-site selection by eastern chipmunk	352
